Chelsea Theatre is a state-of-the-art creative and community hub with a vibrant café, bar and terrace.

We pride ourselves on being a flexible space where community, artists and audiences can connect and explore their creativity. We offer a range of spaces: studios for rehearsals and classes, meeting rooms, exhibition spaces, a community café and terrace bar, as well as a 130-seat theatre. Our building is fully accessible and inclusivity is at the heart of everything we do. Read our five year plan for Chelsea Theatre.
